Baltimore & Ohio  
Has Derailment On  
Line Near Kill Buck

Salamanca, N. Y. (AP)—About

17 cars and a diesel engine of a

Baltimore & Ohio freight train

were derailed today, clogging the

double track Pittsburgh-Buffalo

main line about a mile south of

nearby Kill Buck.

There were no injuries reported.

The trainmaster's office here

said the freight train was on a run

from Bradford, Pa., to Salamanca

and that it was made up of about

70 cars.

The spokesman said the freight

ran into a number of freight cars

which had rolled down a grade

from the East Salamanca Yards.

He said he could not explain how

the cars happened to break away.

Rail wreckers from both the B

& O and Erie Railroads were called

to clear the tracks. The line was

expected to be open by late afternoon.

Meanwhile, B & O traffic

was routed over Erie tracks.

SAILOR KILLED, FOUR  
HURT IN COLLISION

Lancaster (AP)—A two-car col-

ision on Rt. 230 three miles west

of Lancaster today took the life

of a sailor and brought minor

injuries to four other persons.

The victim was Robert Mains,

18, of Canandaigua, N. Y., who was

stationed at the Naval Training

Station, Bainbridge, Md. He died

of a broken neck in Lancaster

General Hospital about nine hours

after the crash.

State police said a car driven

by Brayton T. Eno, 22, of Oil

City, Pa., a sailor en route to the

Naval Station at Chincoteague,

Va., that ran out of gas was com-

ing to a halt, when it was struck

in the rear by a car operated by

Shelton L. Knight, 21, of Buffalo,

N. Y., a soldier stationed at the

Aberdeen (Md.) Proving Grounds.

Mains was a passenger in

Knight's car.

BOB HOPE AND JANE RUSSELL IN "SON OF PALEFACE"

At The Library Theatre Today and Tuesday

An uproarious excursion through the Western badlands provides the perfect comedy vehicle for Bob Hope in "Son of Paleface," the Paramount film in Technicolor today and Tuesday at the Library Theatre.

With sultry Jane Russell, rugged Roy Rogers and talented Trigger (Roy's horse) co-starred, this howling sequel to "The Paleface" packs just about all the gags, gunmucks and comedy situations that the law will allow. In addition there's a lively assortment of new songs and dance numbers to embroider a rib-tickling yarn about an Eastern dandy tussling with the hombros of the Old West.

Hope gives this high-spirited saga the full treatment in a performance that rates as the very best of his screen career. Miss Russell provides lively and picturesque assistance as the lady outlaw engaged in a rangeland romp, while Roy Rogers adds a pleasant touch of cow-country authenticity to the film. The brisk score by the Academy Award-winning team of Jay Livingston and Ray Evans, with additional tunes by Jack Brooks, Jack Hope and Lyle Mornane, gives Bob, Jane and Roy plenty to sing about, including the Hit Parade headliner "Am I in Love," "Wing Ding Tonight" and "California Rose."

### Bancroft Inquest Fails to Reveal Death Car Driver

An inquest into the fatal accident of last July 12, on the Follett Run road, Conewango township, that resulted in the death of Gerald Allen Bancroft, 18, son of Mr. and Mrs. Harry Bancroft, 127 Beatty street, was held in the small court room of the court house Friday evening at seven o'clock.

After hearing five witnesses, including Kevin Carter, 18, 100 Fifth avenue, owner of the car involved, the jury brought in a verdict stating:

"George Allen Bancroft came to his death July 12, 1952, from a fractured skull, fracture of the lower jaw and multiple injuries sustained when a car owned by one Kevin Carter, 100 Fifth avenue, Warren, Pennsylvania, swerved off the highway on what is known as the Follett Run Road, Conewango township, Warren county, Pennsylvania, hit a utility pole and crashed into a tree."

The Witnesses included Leo D. Gibson, William Nicklas, Sr., William Nicklas, Jr., Kevin Carter and Pvt. Paul Dell, of the Warren barracks of the Pennsylvania State Police. Statements submitted by Dr. H. R. Robertson, unable to be present, were submitted as evidence concerning the injuries that caused the death of Bancroft, as well as the injuries that kept Carter confined to the hospital for several weeks.

After he was informed that what he might have to say to the jury could be used against him, Carter took the stand and related as much as he could remember about the trip that ended in the tragedy when the car occupied by the two youths turned over on the "S" curve near the Johnson farm. He said he could not remember who was driving at the time.

There were a large number of interested spectators including parents of both Carter and Bancroft.

### Korean War Vet Is Victim of Accident

Jamestown, N. Y. — An early morning crash on Route 62 near Leon Sunday claimed the life of a Korean war veteran from South Dayton who died in the same hospital where his wife had given birth to their first child only two days before, while the driver who "escaped without a scratch"—was given a summons for failing to keep his vehicle under control.

The victim was James Moore, 22, of RFD South Dayton, son of Mr. and Mrs. Emmett Moore. He was the holder of the Purple Heart and several other medals received during 15-months service in Korea. He died as the result of a fractured skull and internal injuries at 5:33 a. m., about 80 minutes after the accident, in Tri-County Hospital, Gowanda.

Driver of the car was Elliott J. Ellis, Jr., 20, of Leon, who was ordered to appear Oct. 8 at 9 p. m. before Peace Justice Wenzel Mirwald, Town of Dayton.

Cattaraugus Deputies Joseph Mongillo and Paul Meyer who investigated said the car left the road on a slight curve in front of the Vincent Sutter residence on the Leon-Markhams Road, traveled 500 feet on the shoulder and knocked over a road sign and telephone pole before glancing off a large tree and overturning several times in the middle of the highway.

## EGG PRICES DROP

Harrisburg (AP)—The State Agriculture Department reported today that heavy supplies of medium eggs have brought the price down as much as 13 cents per pound. Large eggs are selling for 78 cents a dozen at the rate of 55 cents per pound. "The difference between 55 and 42 cents a pound," Lawless figured, "is the 13 cents that is being saved."

### Sharon Trucker Dies Instantly in Odd Accident

Upper photo shows how a Chadderton Trucking Co. tractor trailer, loaded with 35,000 pounds of strip steel assigned to the DeLuxe Metal Co. in this city, broke off a large maple tree 26 inches in diameter, when it left the highway a mile south of Garfield Friday afternoon at 2:45 o'clock. The impact caused the steel to shift ahead taking the cab with it, and killing the driver, 24-year-old Lloyd W. Meyer, of Sharon. Lower photo is a close-up of the tangled mass of steel, most of which had to be moved before the body of the victim could be recovered.

A Sharon truck driver met death instantly Friday afternoon about 2:45 o'clock, when the large tractor-trailer he was driving loaded with about 35,000 pounds of strip steel, left the highway, broke off a large maple tree in front of the new home of Harris Robbins, about a mile south of Garfield, on Route 27. The impact sheared off three at the ground, and it fell on the load. At the same time the load of steel shifted forward, tore the cab from the tractor, throwing it about thirty feet ahead, killing the driver, Lloyd W. Meyer, 24, instantly, and burning the body under the twisted mass of steel.

It took the Williams wrecking crew from Youngsville and a large force of volunteers several hours to move a large portion of the steel so the body of the victim could be extricated, the operation attracting a large crowd, including many football fans from Warren en route to Titusville for the game.

B. E. McCullough, who resides across the pavement from where the accident occurred said he was looking down the highway and saw the accident. Mrs. Wave Rowland, Torpedo, RD 1, was also

## DETOURS CONTINUED

The current detour bulletin issued by the Department of Highways advances time of lifting two local detours. On Route 69 through Conewango township from North Warren to the township line, the original date of lifting the detour was given as October 15. That has been advanced to November 1. On the Lander-Sugar Grove road, original date of opening on October 10 has been advanced to October 31.

SUIT DISMISSED

A suit for \$80,000 filed against the city of Franklin by Paul J. Rennard over land owned by the city has been dismissed. Rennard filed the suit after the city failed to give him a 20-year contract as manager of the Franklin Airport. He claimed the city promised him such a lease in return for donation of the land. The case was dismissed by Judge Lee A. McCracken who advised the city "run your own airport."

**BIG RATTLER**  
Titusville Herald: On his first outing as a snake hunter yesterday afternoon, an eager 19-year-old Diamond area youth killed a 52-inch rattler and grabbed a slightly smaller one by the tail. The young men is Donald Thomas of Diamond, Route 1. With him on the expedition were his father, Lloyd; his brother, Harold, 14, and Russell Rogers of Enterprise. All told, the hunters dispatched five snakes about 3 o'clock, presumably one family. The party was hunting on a rocky hillside between West Hickory and Dawson Run when Donald almost literally stumbled on the family. He went by the momma, who was the 52-inch, stepped on a log, and happened to look in her direction. There she lay coiled. Taking aim with his .22 rifle, Donald shot twice, both slugs going through her head. Believing that there would be others, the party scoured the area and about 10 feet away they found apa, a 44-inch, on his way into a hole.

**PENNSYLVANIA WEEK**

Pennsylvania Week, October 13 through 19 this year, comes at a time when the Keystone State is brilliant with autumnal colors which add further to the inducement to native sons and daughters, who have gone elsewhere to live, to come back to the home state and the home town, says the State Department of Commerce, which points out all over the state there will be historical pageants, industrial and agricultural exhibits, parades, displays, radio programs, special newspaper editions and celebrations of all sorts to tell the story of the "what and why" of the Commonwealth.

The Department also calls attention to the fact that the vacation and resort areas will be entertaining more than the normal number of persons at this colorful season and are prepared to expand their programs of pleasure for the increased number of visitors.

Autumn in Pennsylvania, when the yellows, oranges, browns and russets of the hardwood present a spectacle of brilliant beauty no artist's brush has been able to capture is one of the finest times for rest and relaxation and recuperation. Go where you will in the land of William Penn --- and more than half of the state's area is still growing trees --- you will find this pageant of color. The nights are cool for sleeping and the days are comfortably warm for pleasures outdoors --- riding, hiking, motoring over the hills and through the valleys to visit scenic sites, historical shrines, teeming industrial areas and the fertile farmlands that have made of Pennsylvania a pastoral scene that beggars description.

No matter where you travel in Pennsylvania --- by motor car, by bus, by plane or railroad --- visitors will find it easy to reach all parts of the state.

Friends and relatives will be looking for the return of the natives and the public accommodations --- hotels, inns and other establishments --- will be prepared to care for all those who come to the Keystone State and who will not be spending their sojourn here with friends or relatives.

"One of the primary interests of the traveling public today is to meet other people," says Andrew J. Sordoni, secretary of commerce, who explains that a new trend shows itself in the wishes of the people to see the working life, the culture, the historical shrines, the recreational areas, the industrial and farming regions away from the section in which they reside." Pennsylvania Week, of course, provides that opportunity for not only Pennsylvanians but thousands of visitors who will come from the towns and cities of America to spend days and weeks in the Keystone State in this colorful season of October.

Pennsylvania Week, to be observed October 13 through 19, is a time when in practically every community of the state our citizens will be telling the story of their communities --- and by the same method --- the story of Pennsylvania's greatness and beauty. It will be an opportunity to meet the citizens of all parts of the state, to combine business and pleasure and to enjoy many things outdoors in the Indian summer season and before winter sets in.

October, also, is the prelude to the small game hunting season in Pennsylvania, the season beginning November 1. For those hunters who are looking for overnight accommodations, guide service, a digest of the game laws and other hunting information, the State Department of Commerce (Vacation and Recreation Bureau) Harrisburg, has printed a booklet for free distribution.

**BUSINESS WOMEN'S WEEK**

Warren and Youngsville clubs, in common with the thousands of others comprising the National Federation of Business and Professional Women's Clubs, will join in celebration of the 25th anniversary of National Business Women's Week September 28th through October 4th.

The organization now numbers 160,000 members in 2,700 clubs in every state of the Union, Hawaii, Alaska and the District of Columbia. In choosing for this year's theme "The Ramparts We Build," Federation members are concerned with all the "ramparts": Spiritual, political, military, diplomatic, cultural and economic. "If any one of these fails, we shall not succeed," President Helen Irwin writes to her clubs, "since it is ever true that a chain is only as strong as its weakest link."

Baskets of glads and asters decorated the altar in Cable Hollow Evangelical United Brethren church at 8:00 p. m. Thursday, September 25, when Genevieve Lucille, daughter of Mr. and Mrs. Walter Carlson, Warren R. D. 2, was united in marriage with Pvt. Donald Edward, son of Mr. and Mrs. Edward Burch, 49A Shirley Lane, Jamestown, N. Y.

The double ring ceremony was performed by the Rev. Byron V. Eberly, Rapids, N. Y., cousin of the bride. Wedding music was by Mrs. Ruth Fox, Akeley pianist, and Russell Thehn, who sang "O Promise Me" and "The Lord's Prayer."

Wearing white satin, with a train, the bride chose a gown styled with long, tapering sleeves, a double Peter pan collar at the high neckline. A headpiece of veil and an orchid topped her white Bibie.

She was given in marriage by her father and attended by her sisters, Isabelle, as maid of honor, and Mrs. Dean Roberts as bridesmaid. The former wore aqua net over taffeta, with fitted lace bodice; the latter was similarly attired in pink. Each carried an arm bouquet of carnations. Jo Ann Burch, sister of the bridegroom and flower girl, wore white satin and carried a basket arrangement of fall flowers.

Completing the bridal party, Herman Uhlig was best man, Mrs. Ruth Carlson, maid of honor, and Mrs. Carl Carlson, flower girl, were attendants. The bride's mother, Mrs. Ruth Carlson, was a maid of honor, and Mrs. Carl Carlson, flower girl, were attendants.

Honoring the bride-elect were Mrs. Beverly Chapel, giving a per-

sonal shower; Mrs. Susie Day, a miscellaneous shower.

## New Oak Room At Conewango Club Is Opened With Party

### Victory Mission At Grace Methodist Off to Fine Start

Five hundred church school members attended the Rally Day service Sunday in Grace Methodist church. Held under the direction of the board of education, the service was led by Ervin Rader, assistant superintendent.

Henry Wyman, superintendent, was matron of honor for her sister, Mrs. Harold Walchli, Oak Ridge, Tenn., who wore a floor length gown of dusty rose color, with fitted velvet bodice and net skirt over taffeta, and a small Dutch bonnet of the same velvet. The bridesmaids were Winifred Johnson, Clarendon, and Jacqueline LaRoy, of Jamestown, former roommates of the bride at Millard Fillmore Nursing School. They had matching gowns and headpieces of hunter green and all carried colorful bouquets of yellow pom poms.

As matron of honor for her brother, the bride chose a chandelier lace over slipper satin, with cathedral train. The fitted bodice had a mandarin collar at the illusion neckline and long sleeves coming to points over the hands. A small crocheted Juliet cap held her fingertip veil and her flowers were a cascade arrangement of white roses and baby's breath.

For a wedding trip to Detroit, Mich., the bride selected a gray suit, black accessories and white rose corsage.

The bride is a graduate of Warren High School, Class of 1949, and of Millard Fillmore Hospital School of Nursing, 1952.

Mr. Salisbury, graduate of Bradford High in 1947, is employed by the DeLuxe Metal Furniture Company.

Honoring the bride-elect have been Patricia Haun, Buffalo; Mrs. Mabel Munger, her aunt, of Warren; Jeanne O'Connor, Betty Roberts and Mrs. Joseph Lopez, in Buffalo. Mr. and Mrs. Klenck entertained at their home for the rehearsal party.

Another large crowd greeted the Brookshire evangelistic party at the main service. Rev. and Mrs. Brookshire and Rev. Field Leichhardt are all talented soloists and their musical contributions were of the highest order. Mrs. Kenneth Nielsen and Mrs. Dwight Silzle accompanied on the organ and piano.

In his first message, Rev. Brookshire spoke on the subject, "Changelessness in This Changing World." In a most effective and fluent manner he presented to the congregation the important fact of the changeless Christ in our turbulent world.

In another well attended service Sunday night, Rev. Brookshire spoke on the topic, "A Revival, The Paramount Need of The Hour."

Rev. C. W. Baldwin, pastor, states that while Grace church is the sponsor of these meetings, held nightly at eight o'clock, they are intended for the entire community and all are cordially invited regardless of denomination.

THE MODERN farmhouse differs in many ways from the town suburban house. It needs an ample utility room for the preservation or freezing of produce, and it calls for adequate dining space among other things. Here is a farmhouse that is much larger than the sketch above indicates. The two rear doors, marked with arrows, open on a breezeway connecting the house with a two-car garage, not shown. This is Plan J-111 by Llewellyn Price, architect, designed for the Farm Journal, Philadelphia 5, Pa. Planned without a basement, the house is heated by space heaters (H), but a rear wing (S)

indicates where stairs could go if a basement is preferred.

## Boyle Warns Ladies Never To Smirk at Bald Headed Males

By HAL BOYLE

New York (AP)—Ladies, never smirk at a bald man. He'll have the last laugh yet.

For women are slowly going bald themselves.

"There is an evolutionary tendency in the human race to grow less hair—women as well as men," says Dr. Howard T. Behrman, one of the nation's leading dermatologists.

"In 200 years—perhaps more—it may be high fashion among both sexes to have no head hair."

As a man who every year looks more like the cue ball in a billiard game, I can hardly wait. It is tough being a pioneer.

Dr. Behrman, author of a 500-page medical textbook on the scalp, has a fine cranial roof thatch himself but is all in favor of the hairless trend.

"Hair is only a vestigial ornament that no longer serves a real purpose," he observed. "It used to have a protective function. But once we moved out of the trees we no longer needed it."

The eventual human being, man and woman, will have no hair, a longer head, large abdomen, and short arms and legs.

"It's what you'd expect as a man becomes more of an indoor thinking animal, sitting on his rear more and spending more time pushing buttons."

What can a balding man do? Dr. Behrman, who is a member of the American Medical Association's committee on cosmetics, said that commercial lotions and creams are all right for hair grooming but added flatly: "They won't stimulate the growth of hair."

"In the vast majority of baldness—cases in which there is no local scalp or internal disease—there is very little hope of saving the hair."

His solution for normal male baldness, which is a product of heredity, growing older, and hormone secretions, is:

"Philosophy. The hairless human is on the way, but—"

But meanwhile us pioneers of the future will have to suffer in silence until we finally get that last laugh.

### FORMER PIRATE DIES

McKeesport (AP) — Attorney Marion M. Edmundson, 78, one-time third baseman for the Pittsburgh Pirates, died yesterday at his home.

The second point at which I just categorically disagree with Dr. Spira is in his statement which implies that public water supplies treated by chemicals outlined used in clarification are appreciably contaminated by fluoride. Among 11,500 public water supply sources examined in the United States there are hundreds of finished water samples taken from treatment plants where conventional clarification chemicals are used. The operating control records of the nearly 2,000 systems using clarification chemicals show definitely that routine water treatment does not increase the fluoride content of the water. The balance of the 11,500 studied are principally well supplies where fluoridation is not required.

**Support and Authorization**

Since the dental profession in his country (as well as Canada) has developed such enthusiasm and professional support of fluoridation, the water works industry has attempted to maintain an objective but co-operative attitude. The policy of the American Water Works Association is clearly to require support of fluoridation at the community level by the public health officials, the dentists and the physicians, plus the promulgation of an appropriate local ordinance authorizing the treatment, before it is put into practice.

However, this policy of co-operation with professional and governmental authority does not require the water industry to accept without dispute ill-founded statements concerning practices which came into being before fluoridation was ever mentioned and which have so greatly benefited the public by their application to water treatment.

## APPROVES FLUORIDATION

Interested parents of South Street School are the most recent endorsers of the fluoridation program in Warren. The group attending the PTA meeting Monday night voted its approval and plans to inform the Warren Borough Council. Other mothers clubs which have voted approval and sent letters to Councilmen recommending adoption of fluoridation are the Pre-School Child Study Group and the Young Mothers Study Club. The measure has also been endorsed by the Warren Junior Chamber of Commerce, the Junior Chamber of Commerce Auxiliary, the Warren County Medical Auxiliary and the Pre-School Mothers Club.

# DIL CITY CONFERENCE GAME LOOMS MORE IMPORTANT AFTER TITUSVILLE DEFEAT

## Dragon League Position Still Remains Impressive As Much Important Work Lies Ahead

Warren High School's Dragons are now faced with a crucial Section Two conference battle at Dil City Friday night, after the 12-0 weekend setback they encountered from Titusville. The loss was the first for Coach Fred Bell's gridironers, as they still remain in a favorable position in the Section Two league.

An estimated crowd of 3000 fans watched on as the spirit charges of Coach Lytle out-rushed and out-passed the locals in an impressive victory, their first of the 1952 campaign. In the first of their two league contests, the Rockets dropped to Dil City, 20-13.

The defending champion Mandeville Bulldogs nosed past Franklin by a slim 7-0 margin in the other Friday night conference tilt, and now reign on top of the standings with Dil City, each with 1-0.

While Friday night's loss was an upset as far as Titusville is concerned, Warren officials had not picked either team as a favorite and were well aware of the possibilities that the heavier Rocket team possessed.

The strong Titusville defense proved too much for the Bellmen and their offensive play, paced by quarterback Dick McCoy and left halfback Joe Bodamer, was hard to crack.

### SECTION TWO League Standings

	W.	L.	Pct.
Dil City	1	0	1.000
Warren	1	0	1.000
Titusville	2	1	.667
Corry	1	1	.500
Franklin	0	1	.000
	0	2	.000

Warren was handicapped somewhat without the services of quarterback Gene Morris, calling for a switch in the lineup which placed veteran end Dick Hegerty into the backfield on offense. Coach Bell also called on end Rod Morley to do some of the ball lugging.

On the defense the Blue and White, eleven did not seem as strong as they were against Corry and allowed the hard-charging Bodamer to crash through for numerous gains. In the backfield, linebacker Toby Shea and Lance Mohney were the big clog on stopping the Titusville chargers.

The Rockets' touchdowns came in the first and final stanza. Booka Johnson kicked off for Warren and the Rockets started a sustained drive to the Warren 10-yard stripe, where the locals held and took over. On the first play, Shea broke loose through center for a beautiful 33-yard run and then carried for five more to the Warren 3. Two losses forced Mohney to punt and seven plays later the Rockets had scored from their own 33.

Johnson nailed Roger Magee for a two yard loss, but Bodamer hurried around left end for eight in the second play. The first downs followed, when McCoy

### Peebles Retained With the Falcons

Ray Peebles, former Erie newspaperman, who succeeded Cedric Tallis as business manager of the Jamestown Falcons at the start of the 1951 campaign, will remain as head office administrator for 1952. He was renamed by Detroit officials during a meeting in the Motor City at which Tiger planners mapped out their minor league program for the coming season.

No decision was made on a manager for next season.

Tony Lupien, who headed the Falcons for the last two seasons, has returned to his home in Springfield, Vt., and will return to Middlebury College as basketball coach this winter. Before his departure he said he had no plans for this winter.

Detroit officials said an announcement will be forthcoming on the Jamestown managerial post during the winter.

A surprising quarterback sneak by McCoy did the trick from the five and Titusville had earned itself a substantial lead, 12-0. Morris' pass for the PAT was unsuccessful.

Shea returned Morris' kickoff 21 yards to the Warren 31. Wayne Hamm took off on a reverse for 14 yards and Jim Tridico picked up five more and it appeared that Warren may be on its way to

an easy win.

## Eisenhower Party At North Warren Is Attended by 250

Over 250 supporters of General Dwight D. Eisenhower for the presidency turned out Saturday night for the "We Like Ike" party in the North Warren Community House.

After the formal program of speeches and introductions the floor was cleared and square dancing continued until midnight.

Speakers on the program were Assemblyman Allen M. Gibson, Sheffield, who is a candidate for re-election to the state legislature and Duane Jennings, Pittsburgh, vice-chairman of the Pennsylvania Federation of Young Republicans.

Samuel F. Bonavita introduced Mr. Jennings; Charles Tranter, chairman, introduced Young Republican committee workers and leaders in the audience and also Warren County prothonotary Ralph E. Sires, County Register and Recorder Donald Schuler, and County Coroner Ed C. Lowrey.

Tom Morris, McKean County Young Republican Chairman was introduced and invited the audience to attend a rally in Bradford this Friday night when the speaker will be Senator James Duff.

Representative Leon H. Gavin, who was scheduled to speak at the party was forced to cancel the appearance because of inability to make the trip to Warren from another city in time for the program.

### BABY EATS MOTHBALLS

The diet of babies and children consists of many unusual tidbits, from worms to plaster, and the latest to come to the attention of The Herald is mothballs. Larry Grove, year-old son of Mr. and Mrs. Lawrence Grove of Franklin Hospital last Friday after eating several of them. He was discharged from the hospital Saturday, apparently none the worse for his nibbling.

#### IS ILL

Friends of Justice of the Peace Paul Leiby, of Rogerstown, will be sorry to learn that he has been admitted to Warren General Hospital for treatment of a heart ailment.

#### TWO DRUNKS

Police were called to take in two drunks over the weekend. One was reported lying on the sidewalk on Prospect street about 1:45 a.m. Saturday. A couple of hours later, police arrived in the Times Square area to prevent a fight involving a couple who were imbibing.

#### MARRIAGE LICENSE

An application for a marriage license was made Saturday at the City House by Walter Edward Eyer, of Buffalo, N. Y., and Mary Margaret Wozeak, of Warren.

#### TRUCK BURNS

A tank truck owned by the Emmons Wade Company was badly damaged by fire Saturday afternoon on the Sherwood Refinery road near Oakland cemetery. The driver of the vehicle was pumping oil from a storage tank to the truck, using a pump powered by a small gasoline motor, when the hose broke close to the pump and sprayed crude oil over the truck. The motor set fire to the oil and burned out the cab, the tank rack and tires of the truck. Twelve firemen from Pleasant Volunteer Fire Department responded to a call and extinguished the blaze. An estimate of damage was not learned.

#### RELIGIOUS ED CLASSES

N. B. HULING, center, retired general chairman of Railroad Telegraphers, Pennsylvania System, is shown with two of the many high officials of the company who attended the Testimonial dinner for Mr. Huling at the Marconi Outing Club Friday evening. On the left is C. E. Alexander, Philadelphia, assistant chief of personnel, and right is E. P. Adams, superintendent of the Northern Division, Buffalo, who was toastmaster.

O.R.T. Pennsylvania System, and wife, Columbus, Ohio.

D. E. McComas, production manager, New Process Company, Warren.

C. G. Lybarger, supervisor safety, Northern Division, Buffalo.

In addition a number of agents, telegraph operators and other employees from Erie, Franklin, Warren and many points along the division were also in attendance, several being accompanied by their wives.

Those in attendance included the following officials and invited guests: C. E. Alexander, assistant chief of personnel, Pennsylvania System, Philadelphia.

E. P. Adams, superintendent, Northern Division, Buffalo.

J. L. Thompson, division operator, Northern Division, Buffalo.

J. A. Gorman, supervising agent, Northern Division, Buffalo.

A. M. Hignight, supervisor personnel, Northern Division, Buffalo.

A. I. Wake, general chairman,

Alexander presented Mr. Huling with a complete fishing outfit at the same time expressing the wish that he would make good use of it during his leisure moments. Mrs. Huling was also presented with a black leather ladies hand bag.

Mr. Huling responded by thanking all those present for the fine gifts, also the kind remarks and explained that while he did not have definite immediate plans for the future, he certainly would be looking forward to the coming spring when he could get out along the trout streams and try out his new outfit. He also remarked about the fair and impartial treatment he had always received from the officers of the Pennsylvania System during more than 25 years as labor representative of the Order of Railroad Telegraphers.

Entertainment was furnished by Clair Dahlgren and Loren Wright,

coinciding in New York City. They will not appear within a one-hundred mile area of Ridgway again this season.

The Chorus has a varied, colorful program that seems to please everybody. Offering the hallowed anthems of the Greek Orthodox Church, haunting folksongs, bouncy regimental songs and gay peasant dances, the Cossacks have something musical for everyone in the audience.

Tickets for the concert in Ridgway October 8 are \$2.00 and may be obtained by writing to R. J. Hultman, Post Office Box G, Ridgway, Pa.

The Strand Theatre in Ridgway was secured because of the large seating capacity and there will be no reserved seats.

It is said that Jerusalem derived its name from a word meaning "abode of peace."

## Don Cossack Choir Coming to Ridgway

The world famous General Plat-

off Don Cossack choir and dancers will appear at the Strand Theatre in Ridgway Wednesday night, October 8 at 8:15 o'clock. The entertainment is being sponsored by the Ridgway Kiwanis Club and all proceeds will be turned over to the Ridgway playground fund.

This season brings the 14th anniversary tour of the famous Don Cossack chorus and dancers, an attraction that is becoming a familiar part of the American scene.

The Cossacks, all of them now American citizens, begin their tour early in October and their appearance in Ridgway is one of their first this season. They will conclude their tour with an Easter

concert in New York City.

The body was removed to Ridgway and time of services will be announced. Mrs. Gardner was the last member of her immediate family.

### EVERETT R. CLARK

Services in memory of Everett R. Clark, 35 North Main street, North Warren, were held at the Lutz-Vermilyea Funeral Home at 2:30 p.m. Sunday. The Rev. Robert C. Knapp, pastor of North Warren Presbyterian church, officiated for the rites and interment was made in Oakland cemetery.

## Fluoridated Water Is Being Consumed by Over 30 Million People in Nation, Medic Says

(Raymond E. Lowe, M. D., Member of the Warren County Medical Society.)

The fluoridation of Warren's water supply has become a very live topic of public discussion since its presentation to the public by the way of the City Council a few weeks ago. This is as it should be. Any topic which vital affects the life and health of our children should be discussed before its adoption. The only difficulty in the enlightenment of the people on such a subject as this—subject which requires much study and careful research before a final decision can be made—is the apparent lack of any ethical restraint of those who oppose it. This is true of any change in the status quo.

This subject has been under scientific study for over forty years in various parts of the country by committees of the Dental and Medical Societies. Finally, after complete study—checking and re-checking as to the exact methods, the plan of fluoridation of water when it is deficient as a natural constituent has been evolved, and is now being used in water drunk by over 30,000,000 people in this country. The complete safety of the procedure has been established and is consequently not now a topic for question.

The American Medical Association as well as the American Dental Association are known for their conservatism in matters concerning the public health and their very acceptance and advocacy of this plan is proof enough to the enlightened populace that this measure is safe, practical and will be beneficial to your children and a great boon toward building a stronger, sturdier race of Americans to carry on for tomorrow. The Warren County Medical So-

ciety and the Warren County Dental Association have gone on record as strongly urging you as patients, friends and fellow citizens to place your support with them in establishing this vital health measure. Do let your wishes be known to the Boro Council in order that this procedure shall be established and the benefits of fluoridation in the prevention of dental decay and all its complications become part of the wonderful heritage that is America.

Tooth decay is much more serious than most people realize and goes much further than a simple grinding job. The bacterial inroads from dental decay allow the entry of numerous types of disease to the blood stream and are almost directly associated with septicemia and with bacterial invasion in hearts damaged by rheumatic fever. Thus a measure which prevents 65% of tooth decay is important to the entire population and not merely to the children who will suffer less from the dental problems caused by tooth decay.

I would strongly urge everyone who reads this article to talk to your doctor and your dentist—men whom you trust and who have served you well—on this matter. Find out what they think about it and why they are for it. Be slow to absorb the loud pseudo-scientific distortions that come from outside our community. Remember that getting behind a community project such as this is the American way to give your child and your neighbors' child an even break to have as good health as the next fellow—at no greater sacrifice to yourself than the cost of its establishment and operation, which is infinitesimal when compared with its long term effect on the preservation of our public health.

### College of Surgeons Honors Local Doctors

The level of competence among American surgeons is steadily increasing. This is evident in the fact the American College of Surgeons this year has conferred Fellowship on the largest number of doctors in its history. More than 1,100 were inducted as members of the College Friday night at the Waldorf-Astoria in New York City in cap-and-gown ceremonies closing the five-day annual meeting of this world's largest organization of surgeons (more than 18,000).

Fellowship, entitling the recipient to the designation "F. A. C. S." following his name, is awarded to doctors who fulfill specific requirements for acceptable medical education and advanced training as a specialist in one of the branches of surgery, and who give evidence of good moral character and ethical practice.

Among those receiving the F. A. C. S. distinction in 1952 from this area: Francis S. Ericsson, M. D., and Julius Anthony Fino, M. D., both of this city.

Summer Accident Rate at New Low In Highway Dep't

Harrisburg—The Pennsylvania Department of Highways has won its long battle to level off the summer time accident date, Secretary of Highways E. L. Schmidt has announced.

For years accidents among highway employees soared to peaks in June, July and August far out of line with the rate for the remaining months of the year. This is the season of greatest activity with patching, repair and replacement of guard rails, ditching and mowing in full swing.

In 1949 June and August accident rates reached new peaks. This prompted Safety Engineer Fred E. Goodhart to reduce the emphasis on safety. July and August, 1950, remained high but in August, 1951, the rate was reduced by half.

In 1952 the accident rate among highway workers dropped off to a new low in March and has held that level through the summer months.

Formerly poison ivy claimed many victims. But with the spraying of roadsides throughout the State Highway system both employees and motorists have reported fewer victims. Another helpful factor has been the eye examinations which were given to every employee. These disclosed 2400 employees, who failed to realize they

### New Ruling Governs Out-of-State Drivers

Out-of-state drivers who apply for operators' licenses in Pennsylvania will be required to undergo the regular examination beginning next Wednesday, October 1.

Otto F. Messner, Secretary of Revenue, explained that the step was being taken in the interest of greater safety on the highways.

"It has been the custom in Pennsylvania to waive the tests and to grant driving privileges here to a motorist who had a current operator's license from another state with a standard examination system.

"Chief faults in the policy of waiving examinations were the unfamiliarity of the newcomer with the Pennsylvania 'rules of the road,' and his wrong interpretation of traffic signs in this state."

Other states, Messner said, had been waiving driving exams for holders of Pennsylvania cards.

According to the American Association of Motor Vehicles Administrators, all states except South Dakota now are giving minimum standard examinations.

The only exception to the new regulation, the secretary announced will be for members of the Armed Services, and then only if their application is supported by a report of examination by the safety unit at the post or field where the man is located. A "G. I." permit or license will not be accepted.

### SUGAR GROVE

Sugar Grove—Mr. and Mrs. Walter Storms have been spending a few days with their son, Walter, and family at Friendship, N. Y., and with relatives in Olean.

Mr. and Mrs. Stanley Meleene and young daughter, who have been residing with her parents, Mr. and Mrs. Alden Abbott, have moved into the apartment at the rear of the Albert Carlson house on Race street.

Mrs. Jeanette Guiles has returned to her home at Oregon, Ill., after being the guest of her sister, Mrs. A. G. Dobson, and family. While she was here, Mr. and Mrs. Dobson observed their 57th wedding anniversary. There was no special celebration. Mrs. Dobson, 78 and Mr. Dobson, 87, both enjoy good health. She does the work in the home and he, with his son, Harold, operates a large dairy farm.

Mr. and Mrs. J. F. Lore went to Pittsburgh to be the guest of their daughter, Mrs. Sanford Beyer, and family.
